Certificate of Calibration

Manufacturer: Sensys Gatso Group

Model: T-Series with RT4

Box Serial Number: 201702000043

This speed measuring device has been tested and verified to be functioning in accordance with the manufacturer's specifications. Testing was performed using equipment traceable to the National Institute of Standards and Technology.

The calibration testing and verification procedure includes the following:

- The transmitter of this device has been tested and found to be within the prescribed limits of 24.075 Ghz to 24.175 Ghz for Type III and Type IV radar devices (K band) as established by the Federal Communications Commission and IACP.
- The frequencies bandwidth is within the applicable tolerances specified by the manufacturer.
- Using the transmitter's internal signal generator at 44.7 mph the speed measuring device is certified accurate within +/- 1 mph.
- The unit has been physically inspected and determined to be in good condition.

Calibration was performed under direction of **Heinz Stubblefield**.

Signed, Heinz Stubblefield
